

Almost there...

Monday, 02 March 2009

I have added most of the content back to the site. The Monthly Meetings will be added to the calendar shortly. The Resources section is still under construction. I will be adding the links from the old Web Links section into this new section.

One thing you may notice is that I removed the Message Board. I did this for numerous reasons, mainly due to the time involved in keeping it spam free. We did not use the message board hardly at all so I figured it would be easier on us to just remove it.

I decided to replace the Message Board with a Guest Book. Basically you enter your nickname or first name under Author, enter your website and a link to your website (e-mail and website are optional) and enter a message. Once you do that I will get a notice and I will manually approve all Guest Book entries. This will reduce the number of spam attacks and still give the members of H.O.P.E. a place to post whatever they like. If we receive enough feedback from the members we will go back to the Message Board system, otherwise it will remain just a Guest Book.

Please be patient as we continue to add all the content that is still missing. We will be back up and running 100% in the next week or so. Thanks again for your patience and your patronage.
